Tingting Wu

Personal website | linkedin| Google Scholar | wu.t@wustl.edu | 314-680-4341
Mailing address: 6152 Waterman Blvd, APT 104, St. Louis, Mo, US

Education

Ph.D. Candidate in Department of Electrical and System Engineering Sep 2018 - Dec 2023 (expected)
Imaging Science Program Mentor: Prof. Matthew D. Lew
Washington University in St. Louis (WashU)

Courses:*Optimization,Computer Vision,Fundamentals and Applications of Modern Optical Imaging,Theoretical Imaging Science, Physics of Biopolymers and Bioinspired Polymers,Computational Methods for Imaging Sciences, Introduction to Machine Learning...*

B.S. in Department of Electrical and Electronic Engineering 2014-2018
Optoelectronics Science and Engineering Program Graduate with Honor
Southern University of Science and Technology (SUSTech)

Research Experience

Graduate research at Lew Lab, WashU Sep 2018 - Present
Single Molecules Orientation Localization Microscopy

- **Point spread function engineering** design a microscope to encode the information of 3D locations and 3D orientations of single molecules into the shape of images captured by the camera.
- **Adaptive microscopy design** adapt the structure of the microscope (e.g. polarization and structure of excitation light, wavefront shaping of emission light) during the experiment to achieve optimal estimation precision for 3D orientation and 3D position of single molecule
- **Deep-Learning based estimation algorithm design** design Deep-Learning based estimator to simultaneously estimate the orientations and locations from overlapped and noisy images of single molecules
- **Mapping dynamic and heterogeneous 6D network of bio-condensates** study the spontaneous phase separation process and protein organizations of biocondensates using the above designed microscope and estimation algorithm
- **Evaluation metric design based on information theory** design evaluation metric to efficiently quantify the precision of different microscopes for measuring 3D orientation of single molecules
  Advisor: Prof. Matthew D. Lew

Undergraduate research at SUSTech

- **Optical ptychography** study the scanning coherent diffraction imaging (ptychography) at visible light wavelengths and reconstruct the image using iterative phase retrieval algorithm Feb 2018 - June 2018
  Advisor: Prof. Fucai Zhang
- **Optical fiber sensor design** design refractive index fiber sensor and displacement fiber sensor based on the interference between lights in cladding mode and in core mode May 2016 - Jan 2018
  Advisor: Prof. Xinhai Zhang & Dr. Linlin Xu
- **Thermoelectric nanomaterial** Study thermoelectric nanomaterial of SnSe and BiTe Dec 2014 - April 2016
  Advisor: Prof. Jiaqing He

Skills

- **Optics** microscopy design, simulation, and construction (fluorescence microscopy, single molecular microscopy, camera characterization, laser alignment, etc.)
- **Computation** imaging estimation algorithm design based on iterative optimization or neural network
- **Programming** Matlab, Python and Java; Tensorflow and Pytorch
- **Soft skills** communication cross-group and in-group collaboration, scientific presentation and leadership

Honor & Awards

Second-place Poster Award	Imaging Sciences Pathway Retreat, WashU	2022
Student Scholar Award	Microscopy and Microanalysis (M&M) meeting	2021
Outstanding Graduate Student Assistant to the Instructor (AI) Award	ESE at WashU	2021
Travel Awards	St. Louis Chapter of Graduate Women in Science	2020
Graduation with Honor	SUSTech	2018
Scientific Research and Innovation Award	SUSTech	2017
First Place Merit-based Scholarship	SUSTech	2017,2018
Outstanding Freshmen Scholarship	SUSTech	2014
Interdisciplinary Contest In Modeling	Honorable Mention	2017
Tuition Scholarship	SUSTech	2014-2018

Other Professional Activities

- **Initiator and Committee co-chair** of imaging science student seminar in WashU 2019-2021
  I organized ~20 seminars. I also build our 'imaging science library' for sharing the recorded presentations.
- **Invited research presenter** for incoming PhD students in math camp, WashU 2022
- **Committee member** for imaging science pathway retreat, WashU 2021
- **Mentor** for assistants instruction (AIs) in ESE 2021 fall, 2022 fall
- **Volunteer** of portal to the public, Saint Louis Science Center 2020
- **Assistant Instructor** of ESE 105, Intro to Electrical and Systems Engineering, WashU 2019 fall, 2020 fall
- **Publicity Minister** of Optical Society of America (OSA) in SUSTech 2017-2018
- Member of SPIE 2019-now
- Member of OSA 2017-now
- **Peer Tutor** of physics for international students in SUSTech 2017-2018
